

### EMR Shielding of single level home from 3G mobile phone tower

Project carried out by EMR Shielding Solutions using HSF-54 shielding paint and shielding fabric.

1) Shielding paint begins to be applied only on affected areas.

2) High reading of 146 microwatts per metre squared in child's bedroom in front of house.

3) Front of house shielded with HSF-54 shielding paint.

4) Over painting is easy with two coats of normal exterior paint.

5) Inside of child's bedroom windows at front of house shielded with Eco 30 shielding fabric.

6) Child's bedroom now only reading 0.30 microwatts per metre squared after shielding.
